

Text for email to SEMA mbrs

SEMA members: Join SIAM at reduced rates!

First time offered!

If you are a member of SEMA and live outside the United States, you can now become a reciprocal member of the Society for Industrial and Applied Mathematics (SIAM) for 30% less than the standard dues. For 2007, the SIAM regular member dues of US\$121 will be reduced to US\$84.70 for SEMA members in good standing who reside outside the USA. You can join online at http://my.siam.org/forms/rec_application.htm or download a reciprocal member application at http://www.siam.org/membership/individual/pdf/reciprocal_07.pdf. Join SIAM for networking opportunities, visibility in the applied mathematics and computational science communities, and access to cutting-edge research.

Let SIAM be your source for news and information about applied mathematics and computational science. A SIAM membership includes subscriptions to *SIAM News* and *SIAM Review*, and entitles you to substantial discounts on SIAM books, journals, and conferences. For more information on reciprocal membership go to <http://www.siam.org/membership/individual/reciprocal.php>. To see a complete list of benefits, go to <http://www.siam.org/membership/individual/benefits.php>.

For more information, go to SIAM's Web site <http://www.siam.org/>, download the new member brochure at <http://www.siam.org/membership/pdf/joinsiam07.pdf> or contact customer service at membership@siam.org

Sincerely,

Susan Whitehouse, Membership Manager
